FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

FILE No. 9098

SECTION No. 1

To

The Plague Commissioner
Mysore

Dated Bangalore, 7 October 1898

SIR,

The Resident, as you are aware gets daily reports of plague in Bangalore City but no official information as to cases occurring elsewhere in Mysore territory. It is his duty to report the occurrence of plague to the Government of India and to the Madras Government and the latter have specially requested that should plague appear in any Mysore district adjoining a Madras District information of the fact may be sent by wire to the Collector of the Madras District

9. Under these circumstances Colonel Robertson will be obliged if you will cause him to be supplied with a statement showing for each Bengore district the total number of cases of plague and the date on which and place whereat such case occurred; also whether such case was imported or indigenous and ended fatally or otherwise. This statement might be prepared up to and including, say, the 1st inst. Thereafter it would be convenient if the various Deputy Commissioners be directed to telegraph direct to the Resident at the same time as they telegraph to you) the occurrence of a case of plague mentioning time and place and whether fatal or not and imported or apparently indigenous. In this manner the Resident will be kept promptly

informed of the progress of the disease in the Mysore State and will be in a position to pass on this information to Local Governments and others Concerned

I have the honor to be,

Sir,

Your most obedt. Servant,

H. Cleeve ~~Captn~~

Dr 1st Assistant Resident.

Enclosure No. one statement

Sir

With reference to Your letter No 1343 dated 7th inst requesting that instead a statement may be sent to the Resident showing all cases of plague which have occurred in the Nafusil up to the 8th instant I have the honor to forward as an interim measure a statement

showing the cases which
have occurred up to date
As requested in your
letter under reply all Deputy
Comrs have been instructed
by telegram
to send
direct to the Resident
a first information report
on the occurrence of any
plague case in their District
as soon as
such a case is reported or
suspected
As regards
the fortnightly Result of the
Case a weekly statement
of Cases occurring in
the Mofussil will be
compiled in the Office
sent to you as early in the
week as the Resident's
returns will be received also

If desired, be also
forwarded to the Resident
of

Received

General No. 168
No.

Enclosure No. —

Sir,

With reference to your circular No. 158/92 of 7th February 1898 directing that telegrams should be sent in to you of cases of plague and suspected plague I have the honor to inform you that the amount expended on such telegrams is getting extremely high and apparently of little use when a town is once infected. I would

therefore beg to Suggest that a daily report may be Submitted from the Inluks and a Consolidated one from head quarters of the District

Enclosure No.

His letter No 168 dt 2nd Dec stating that the amount expended on telegrams is getting extremely high and of little use when a town is once infected and suggesting that a daily report may be submitted from the Talukas and a Consolidated one from the Head Quarters of the District

Has the honor to observe that it would

844 for abstract 5 & 6

Suffice if first intimation
of part of plague cases were
sent by telegram by the
Deputy Commissioners
only when indigenous
plague deaths occur
on villages in which
such cases have not
previously occurred
& except Mysore City
for the present. In the
case of villages in which
indigenous cases have
already occurred, the
procedure suggested
in the above of submitting
a daily consolidated
report from the HQ
Quarters of the Dt may
be adopted.

For PL.

No 4554-60 & 7.12.98

Copy to other D Cs

I suppose the idea is

In towns + villages (except Mysore City) the Deputy Commr shd telegraph occurrence of plague cases, ~~upto the date~~ only when indigenous cases occur for the first time. After plague becomes indigenous daily reports will do. In no cases do we want telegrams from Kanakarao -

See also Regn 21 of the Addnal Dist. Regns

But what did the Resident want? Please instruct that refce.

FROM THE ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Sagne Commissioner.

Dated Bangalore, 23rd Dec 1898.

Sir,

I am directed to inform you that Government of India desires to be inform daily by the Resident of Plague seizures and deaths in Mysore State by districts. At present Resident receives daily telegraphic repts from the Deputy Commissioners of Mysore Ire and Tumkur, but not from Bangalore Dist except from the Inspecting Medical Offr Kengeri although the last weekly retur shows 399 seizures and 352 deaths in Bangalore District. I am to request at daily reports may be sent (to me by Ire) of the progress of the disease

in

in the Bangalore District

2. The Government of India also desire to receive weekly reports of the figures in the different Villages of each district. The weekly report now received only gives the figures by Talucks. I am to request that these may be given by villages and that the Bombay Presidency weekly report may be taken as a guide in this respect

To The Assistant Resident
in Mysore

SIR,

With reference to your letter No 108 dated 23rd December 1898 I have the honor to state that in view of the large increase in plague cases in the Bangalore District I have directed the Deputy Commissioner of that District as also other Deputy Commissioners to discontinue reports by wire of attacks and deaths in villages and towns where plague has become

become indigenous; but to send in such cases a daily report either by post card or formal letter.

2. In other cases, reports will continue to be sent by telegraph to the officers who are now receiving such reports.

3. I have noted the requisition for weekly reports of figures for the villages and these will be sent regularly in the Bombay Presidency weekly report form.

FILE No

FROM

C. L. S. RUSSELL Esq., I. C. S.,
FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 30th July 1902.

SIR,

I am directed to again refer to the Correspondence ending with letter no. 613 dated the 26 July 1899 from the Plague Commissioner in Mysore regarding the Submission of daily returns of plague Cases and deaths by the Deputy Commissioners of districts affected by plague in the Mysore province.

2. From the weekly Statement of plague Cases and deaths in the Mysore State for the week ending the 6th July 1902, forwarded with your Secretary's letter no. 918/L.13 (P) 32 dated the 18th July 1902 it would appear that plague is prevalent in the Kadur and Chitaldroog Districts. No daily plague reports however have been received from the Deputy Commissioners of those districts. A similar instance

of

Omission in the Case of the Hassan district was brought to the notice of the Darbar in my letter No 3366/P. dated the 7 December 1901. The daily reports of plague from other districts are also not submitted regularly. Much inconvenience is therefore experienced in the preparation of the weekly and monthly plague reports which are submitted to the Government of India from this office.

3 I am, therefore, to request that the attention of Deputy Commissioners of all the Districts may again be drawn to the matter and that they may be instructed to furnish these returns regularly in future.

I have the honor to be
